

Co-funded by the  
European Union

UNIVERSIDAD  
DE MURCIA

## Announcement

The project **"EU Bridge: Strengthening Higher Education for European Project Management in Armenia"** (hereinafter referred to as EU Bridge), developed by the International Scientific and Educational Center of the National Academy of Sciences of the Republic of Armenia and European partner universities, has been approved by the European Union and has received co-financing within the framework of the EU ERASMUS + program.

The EU Bridge project aims to strengthen the Armenian higher education system by increasing the capacity of universities to manage and participate in European-funded programs. It will contribute to improving the quality of European-funded programs in Armenia, promoting international cooperation, training specialists in the field of program management and exchange of experience, strengthening the role of Armenian universities in the European Higher Education Area.

EU Bridge responds to the current challenge by offering a comprehensive capacity building model that includes a specialized curriculum, a European Project Management Experimental Academy, a social innovation lab, and simulation-based learning tools.

**By the end of the project, it is planned to have:**

- 60 trained specialists
- 10 simulation training workshops
- Training module implemented in several Armenian universities

- 100 active users on the digital learning platform

**Participating Universities and organizations:**

**From Armenia:** International Scientific and Educational Center of the National Academy of Sciences of the Republic of Armenia, Eurasia International University, NGO "NGO Center for Civil Society Development"

**From Spain:** University of Murcia (UNIVERSIDAD DE MURCIA) and "Empresas con Valores" NGO (EMPRESAS CON VALORES)

**From Italy:** University of Tuscany (UNIVERSITA DEGLI STUDI DELLA TUSCIA)

**The coordinator of the project** is the International Scientific and Educational Center of the National Academy of Sciences of the Republic of Armenia /[www.isec.am](http://www.isec.am) /.

**The duration of the project is 24 months.**

**The official opening ceremony of the project will take place on January 29, 2026 at the National Academy of Sciences of the Republic of Armenia.**
